DATA PROTECTION

WHAT INFORMATION DOES ASA HOLD ABOUT ME?

If you have ongoing contact with The Club, for example, attending training or events, it's likely that we would ask for your personal details.

Things like:

name, address, date of birth and, where applicable, details of parents or guardians.

We collect this information so we know who you are and can contact you when required.

We may ask to take your picture to celebrate an event or achievement, while other times may be to look at your football techniques, as part of a training program.

Either way we ask for your or your parent/guardian permission to do this.

Normally if you give permission once, we apply it to all situations where photographs may be taken.

YOU ALWAYS HAVE THE OPTION TO OPT OUT

This means that you, or the people who look after you, no longer give consent or permission for your image to be taken. This is your choice and you can opt out at any time. We store all your information and images in line with data protection law.

This means that all information is:

- Collected with you and your parent/guardian consent
- Stored safely
- Deleted within the correct timescales.

WHAT IS ABUSE?

Abuse is anything another person does that could cause harm.
Abuse can happen in families, school or anywhere. There are different types of abuse:

PHYSICAL ABUSE

When someone is hurting you.

Things like:

- Hitting, smacking and slapping
- Scalding or burning you
- Spitting or throwing things at you
- Shaking or suffocating you.

SEXUAL ABUSE

This is when someone:

- Touches you
- Says things...
- Makes you watch...
- Makes you take part in...

...things that make you feel uncomfortable.

EMOTIONAL ABUSE

When a person intentionally makes you feel bad about yourself, ignores you or puts you down.

Some examples are:

- Putting you in a dangerous situation
- Calling you names
- Being aggressive and violent to other people in your family

BULLYING

Means different things to different people.

Generally, it's when you are made to feel bad or humiliated by name calling, pushing or pulling or being threatened. This can happen anywhere - online or offline.

NEGLECT

When you don't have the things you really need to be well. Things like:

- Food, clean clothes, medicine.

It also includes things like protection from harm and dangerous people.

**ABUSE IS NEVER OKAY. IT'S NOT YOUR FAULT. YOU ARE NOT ALONE

WORRIED ABOUT SOMETHING?

**How to report a concern and
what we do with the information.**

We hope that ASA is a place where you can reach your goals and have fun. We also understand that ASA needs to be a place where you can share any worries or concerns you might have. This could be about something happening at home, school or at ASA.

WE WILL LISTEN

It can be difficult to share some things.

You might wonder whether what's happening is wrong or you might struggle to find the words to explain it. Either way, adults at ASA will listen and give you the time you need to talk.

There are times when you may not feel confident to tell anyone what is happening. Sometimes, people who know you well can spot when things aren't quite right. They may notice a change in your behavior or see something that makes them worry about your safety. If this happens, or you tell a member of staff something that makes them concerned about your safety, they have a responsibility to act on this and help to make sure you are safe.

WHAT HAPPENS IF YOU **RAISE A CONCERN?**

- 1.** The person you've told or someone who is worried about your safety will explain the concerns to a member of the Safeguarding Hub.
- 2.** The Safeguarding Hub are specially trained to help. They will start thinking about how they can support you and keep you safe.
- 3.** The Safeguarding Hub may need to talk to other adults about what you tell them to help keep you safe. These people could be Children's Services, the Police or health professionals.

Your information is only shared with people who need to know to keep you safe. Anything you tell us will be stored securely.

ASKING FOR HELP

If you have a problem, or are worried about something, it's always best to speak to an adult you trust. It can be difficult to find the right words so here are some tips to help make it a bit easier...

START SOMEWHERE

You don't have to share everything all at once. Say what comes to mind – it is okay if it does not come out perfectly.

Telling someone is the most important thing.

CHOOSING THE RIGHT PERSON

Speak with an adult you trust – someone that makes you feel safe and listened to. This could be:

- A member of the Safeguarding Hub
- A family member
- A teacher
- A coach
- A school nurse or counsellor
- A close family friend.

TRY TO THINK ABOUT WHAT YOU WANT TO SAY

Fears, worries and problems can be hard to put into words. You might feel nervous about what to say and how the other person might react.

Don't worry, this is normal. Sometimes it's helpful to go over what you want to say beforehand. Practice aloud or just say the words in your head. Doing this can help you to feel less nervous about saying it to someone else.

At times, asking for help can mean saying words you would not normally say. Words that might be considered rude or embarrassing. That's okay. You can say the words and you won't get into trouble. Some children and young people find it easier to write it down and share it with a trusted adult. The adult may need to ask you questions about what you have written down but remember this is because they want to make sure they understand clearly, and it is not because they do not believe you.
